REFLECTIONS

What 2025 Taught Us

What We Learned

- 01 Readiness beats access
- 02 Events without follow-through create noise
- 03 Founders value clarity over volume
- 04 Pay-to-play limits discovery of strong builders
- 05 Small capital, deployed intentionally, creates outsized outcomes

Our Response

- Fewer, clearer programs
- Free readiness tools for members & non-members
- Deeper 1:1 support at critical moments

LOOKING AHEAD

Deepening the Infrastructure

- 1 Expand readiness technology & impact tracking
- 2 Increase investor participation through education
- 3 Scale repeatable programs into new cities
- 4 Strengthen longitudinal data on founder outcomes
- 5 Continue prioritizing clarity, timing, and alignment
