REIMAGINING FUNDRAISING & INVESTING

AI-Powered Education · Community · Access

Confidential · March 2026

THE PROBLEM

A \$14 TRILLION WEALTH GAP

FOUNDER SIDE

- 5.5M businesses start annually; **<3% receive venture funding**
- Women & POC receive **<2% of VC dollars** despite founding nearly half of all new businesses

INVESTOR SIDE

- 49M Americans eligible to invest in private companies; **<2% actually do**
- Locked out of the **fastest-growing asset class**—\$14.9T in private market AUM

Private companies grew 67% to 35M since 1997. Public companies declined 55% to ~4,000. The wealth is in private markets—and communities are shut out.

THE SOLUTION

SENGO: EDUCATION, COMMUNITY, ACCESS

An AI-powered SaaS platform reimagining fundraising and investing through three pillars:

For Founders

AI-assisted coaching programs, strategy sessions, and evergreen education to prepare founders to raise capital successfully

For Funders

AI-curated learning paths, gamified deal flow, and transparent investment pathways to confidently navigate private markets

For the Community

Digital hub, curated events blending culture & capital, social learning that turns supporters into active participants

WHY WE PAUSED SUBSCRIPTIONS

In mid-2025, we closed all subscriptions—including free tiers—for three months:

- **Grow Distribution** — scaled email list to 10,000+ subscribers organically (46.5% open rate)
 - **Refine Product** — redesigned subscription tiers and launched coaching programs
 - **Build B2B Strategy** — developed four-tier sponsorship model and 2026 Partnership Deck
- Reopened with \$5,886 MRR, 136 paying subscribers, 10K+ email list, and a B2B pipeline—before raising a dollar.

FOUNDER

ILA CORCORAN

At 13, Ila began searching for homes online to support her family. Real estate and alternative assets became her path forward, leading to **\$100M+ in transactions by age 24.**

Sengo was created to change that—born from lived experience and the belief that wealth, opportunity, and ownership should be shared.

In Japanese, Sengo (戦後) means “postwar”—the era of renewal and rebuilding.
